Subject: USOR Background Sampling Schedule - Coordination with EA Engineering
Date: Friday, October 07, 2016 4:26:25 PM

Matt

Sorry we missed each other to discuss background sampling. I will touch base with you next week. Please note that Monday, Oct 10, is a holiday for us.

Please let us know when you are planning to do the background sampling (after the WRN is approved of course). Please give us as much lead time as possible, so that our contractor, EA Engineering, can be there and take split samples. I am copying April Ballweg, our EA Engineering Project Manager, so that if you respond on Monday, she can also see it right away (instead of waiting for me till Tuesday) and plan accordingly.

If you have a schedule to do the sampling in other areas in the perimeter and vicinity of the Site please let us know as well so that EA Engineering can plan accordingly.

Thanks.

Raji Josiam

Remedial Project Manager
